BUY NOTHING NEW MONTH

Every new item we buy comes with an environmental price tag. Could you buy nothing new for just one month?

Save your pennies and protect the planet

From the water and energy used in production, to the fuel used in delivery, every new item we buy comes with an environmental price tag.

That's why this January, Keep Britain Tidy are inviting you to make a New Year's resolution that will truly stick by taking part in Buy Nothing New Month (**1-31 January, 2026**). The challenge is simple. For the month of January, make a commitment to buy nothing new, other than essentials like food and medicines. **Make use of our clean, pre-loved school uniform and look out for our book swap- cookery books, good stories etc free to borrow, read & return.** How else can we support this? **#learningtogether**

In order for clarity and transparency, we have reviewed our transport to school arrangements and have updated and formalised our criteria for providing places on the minibus. This will be available on the website from 30.01.26.
